

# Setting Sail

February 3, 2017

8:30am	Coffee Truck and Check-In		
9:00-9:25	Welcome Session		
	Captain Linda Scherba and CORE Butte Crew		Room 1
Session#1 9:30 – 10:30	<b>SOS: Sensory &amp; Reinforcement Strategies for Smooth Sailing K-8</b>	<b>Finding Your Dory K-8</b>	<b>What Trade Wind is for Me? K-8</b>
	Presenters: Amber Johnson	Presenters: Kristi Harper and Jenni Josifek	Presenters: Jaime Happ
	Room: 1	Room: 2	Room: 3
	Learn <b>behavioral strategies</b> that can be incorporated into your homeschool day. <b>Sensory strategies</b> to calm or to energize and engage the brain. Reinforcement strategies can be helpful in engaging cooperation in children of all ages.	A dory is a small boat used for a specific purpose. In this session you will learn how to understand your child based on their <b>learning style</b> and brain development so that you can find the best boat for your child to navigate the seas of learning.	Like a captain chooses the best trade wind for a journey, a teacher chooses the curriculum and learning experiences that support their educational philosophy. <b>Learn how to identify your educational philosophy and implement it in your day-to-day instruction.</b> This is great for families new to homeschool or hoping to re-establish their bearings.
Session #2 10:40-11:40	<b>Science for 21<sup>st</sup> Century Sailors K-8</b>	<b>Lifeline for Writing 3<sup>rd</sup> – 8th</b>	
	Presenters: J. Doerr, D. Henriks & J. Josifek	Presenters: Geri Clements and Debra Moon	
	Room: 1	Room: 2	Room: 3
	Calm your stormy seas and apprehensions about bringing your sailors up to speed for an ever-evolving <b>science, engineering &amp; technology age</b> , and expectations of the latest Science Standards. Get equipped for <b>the realities of homeschool science</b> , and see how to enrich your student's education through STEM.	<b>Motivate students to write well and to enjoy the writing process, while making progress in all writing assignments.</b> There will be time to examine tools and strategies, and to evaluate student writing, practicing with real writing samples. Parent will learn about tricks, games and activities that address Common Core Standards and help students achieve success in writing and testing.	<b>Lunch prep</b>

11:40 -12:30	<b>LUNCH</b>	<b>LUNCH</b>	<b>LUNCH</b>
	<b>CORE Butte High School Staff/ Meet and Greet</b> - Questions and Answers Room 1	<b>Hour of Code – Try it out!!</b> Room 2	<b>Lunch served in Room 3</b>
<b>Session #3 12:30–1:30</b>	<b>Put the Wind Back in Your Child’s Sails K- 8</b>	<b>Steady Your Ship K-8</b>	<b>Mapping Your Course K-8</b>
	Presenters: Jule Sawley and Jen Vaught Room: 1	Presenters: Jamie Happ and Jen Doerr Room: 2	Presenters: Jesse Scherba Room: 3
	In this session you will learn how to <b>take the curriculum you already have and differentiate it to draw in and deepen the learning of your advanced student.</b> Going subject by subject, they will give you tips and tools to make learning more fun and meaningful. Join us to help put the wind back in your sails.	Support for adjusting your sails to the winds and waves of everyday life to stay the course and keep from capsizing. <b>Keep yourself and your crew on course when you have wee sailors, and multiple grades and/or learning needs.</b> Lead by two moms in a similar boat.	<b>What is your purpose for ‘homeschooling?’</b> Do you have certain values or goals that drive your process? This is a workshop style session for you to reflect on topics from the day and develop or <b>fine-tune your course direction.</b> There is a lot you can do in a ‘homeschool’ setting and time will be given to explore <b>how to blend ‘academics’ and ‘electives,’ school and home, work and fun!</b> Participants will leave having a better understanding of how to ‘stay the course.’
<b>Session #4 1:40-2:40</b>	<b>Navigating the Uncharted Waters of the Tween Years 5<sup>th</sup> – 8th</b>	<b>Math Mindset: Smooth Sailing Ahead K-8</b>	<b>Setting Sail K-8</b>
	Presenters: Kristi Harper and Morgan Deitz Room: 1	Presenters: Kelly Clarke and Daniel Hendriks Room: 2	Presenters: Parent Panel/Roundtable Room: 3
	Let us help you "chart a course" toward the "safe shores" of <b>understanding the emotional "waves" of your middle schooler.</b> Join us to be encouraged, empowered, and develop a sense of understanding.	In this session we will discuss <b>how to approach math with a growth mindset to greater influence success in math.</b> Learn how to nurture life skills such as perseverance and problem solving through a positive approach to common core math. Leave with resources and tools to add to your math teacher toolkit.	Workshop session with veteran parent and teacher support to <b>culminate what you have gleaned from the day into an action plan to take home.</b> Parent roundtables include parents with experience with multiple grade levels, community services, various educational philosophies, and teaching with foster children.
<b>2:45 – 3:00</b>	<b>Closing Session and Raffle Prizes Giveaway</b>	<b>Must be present to win!</b>	Room 1
