

CORE Butte

Agenda Item G1

TO: Board of Directors
FROM: Dr. David E. Guthrie, ESC
DATE: March 6, 2009
ITEM: **2008/09 Second Interim Report Approval**

Background:

Charter schools must submit periodic financial reports to their sponsors so they can determine the financial health and viability of their charter schools. This Interim Report fulfills the financial reporting and accountability provisions contained in AB 1137. The financial reporting and analysis is presented 4 times during the fiscal year: Budget Adoption (by June 30), First Interim (by December 15), Second Interim (by March 15), and Unaudited Actuals (by September 15). The financial information contained in these reports are assembled to evaluate the financial health of the School. Moreover, the Second Interim Report provides an update about the School's financial status as of January 31, 2009 with revisions since the cutoff date.

Current Consideration:

The enclosed 2008/09 Second Interim Report shows a strong financial profile. From our analysis, the School continues on its course as an ongoing and viable concern that has sufficient reserves and excess funds from operations allowing the School to respond effectively to initiatives such as facilities investment. The Report demonstrates the School is financially sound and will be able to declare a "positive certification" for this reporting period based on the School's financial information from the financial system. Forecasting shows the School will remain financially stable notwithstanding the impact of the State's budget reacting to the economic downturn.

Financial/Educational Impact:

None

Recommendation:

The Board of Directors approve the 2008/09 Second Interim Report.

ITEM: **2009/10 Budget Development Workshop**

Background:

The budget development workshop provides an opportunity for Board members and the community to acquaint themselves with the budget development process, projections, the State's economy and demographics, and charter school funding that directly affects the CORE Butte's budget for the upcoming and succeeding fiscal years. The workshop serves as a forum to discuss the current state of the budget and impact on future budgets from such issues as the Governor's initiatives to eliminate the structural deficit through program cuts and raising taxes. The workshop also allows participants to provide input for the budget's direction consistent with the Program's vision, mission, goals, and objectives.

Current Consideration:

The workshop sets the tone and direction for next year's budget development and presents information about budget projections for 2009/10 fiscal year and SB 740 Determination analysis (enclosed). This forum allows deliberation and generation of ideas to develop a budget aligned with Program values tempered by the realities and constraints of public school finance. It is certain the Program's current, fiscally sound budget establishes a solid foundation and platform for next year's budget despite the State's fiscal crisis.

Financial/Educational Impact:

None

Recommendation:

The Board of Directors conducts a Budget Workshop.
